

HEAD LINE : One has to read a lot of hands to understand the intricacies of this line.

Some of its outstanding characteristics :

❑ A normal Line of Head starts from the base of the Mount of Jupiter, slightly sloping on the Mount of Moon. It is auspicious for this line to be joined with the line of Life at its beginning and it should not be barbed, chained, broken or riddled with dots, moles, stars or islands. It is a good sign if the line ends with a fork, Trident or Triangle. The absence or fading away of Head line in the right palm is a serious malady rendering the subject devoid of normal life.

❑ A person's endowments are discovered by the very configuration of this cephalic line. Success or failure in love affairs, marital life, turns and twists in career can be predicted by a critical scrutiny of this line. If a branch line from Head Line cuts the line of Marriage, the couple must possess a lot of patience to save their marriage from breaking up. Too many upward lines piercing the line of heart indicate inconstancy in love affairs.

❑ If the line of Head droops too low in the Mount of Moon and clash with the lines of Travel, the subject may encounter mishaps during long journeys. People with such obstacle lines must avoid driving the vehicles during nights.

❑ If the Line of Head branches out into two prongs from the middle, it is a sign of extraordinary mental acumen.

VIGNETTES OF DESTINY

❑ Breaks in the line of Head indicate setbacks due to unhappy events in the family or failure in love affairs.

THE LINE OF HEART:

This is the most difficult and complex line which embodies love and hatred, happiness and sadness, advancement and reverses, in one's life. Its absence is a grave Omen.

The prerequisites for a normal Heart Line :

❑ It starts from the Mount of Jupiter and terminates in the Percussion. It does not reduce the size of the Mount of Mercury and it is thin in structure.

A few criteria to attain fulfilment in love :

❑ The Mount of Venus remaining either dominant or atleast free of dark spots and too many irregular lines.

❑ Heart line starting with a fork or trident.

❑ A pyramid in the Mount of Jupiter or Venus is the most auspicious of all other signs.
